**From:** Mr Keith Aquilina – Education Officer Digital Literacy

**Subject:** EU Code Week – 2020 Edition

---

The EU Code Week is a grassroots initiative which aims to bring coding and digital literacy to everybody in a fun and engaging way. This year we are celebrating coding from the 10 to 25 October 2020. Anyone is welcome to organise or join an activity by choosing a topic, a target audience and add the activity to the map, or browse for activities in Malta.

Due to the current health situation, we are going to bring more Code Week activities online this year. New fun and engaging activities will be launched online on Codeweek.eu for teachers and students who can join remotely at home or in school.
