

LETTER CIRCULAR

Date: 2nd May 2022

Ref: DDLTS 13/2022

To: All Heads of Schools (State and Non-State), Child Care Centres and Sections

From: eTwinning National Support Service

Subject: Applying for the eTwinning National Quality Label 2021-22

National Quality Labels

Teachers who have participated in eTwinning projects during the scholastic year 2021 -2022 are invited to apply for the eTwinning **National Quality Label** by logging into their *eTwinning Live* account and accessing the online application from the *Projects* page.

More detailed instructions [here](#).

More Information

Full details on how to apply, the evaluation criteria, categories and other information can be found on the local eTwinning website – www.etwinningmalta.net. Visit the *Home* Page or access the direct link [here](#). You may also find recordings in the **Webinars** section under **Resources**.

As from May 2022, the European education platforms will undergo a substantial revamp, which will result in the single integrated **European School Education Platform**. On this new platform, you will be able to explore all your favourite educational content and services in one place.

eTwinners will no longer use the eTwinning login to access this platform. Instead, the EU Login will be used. To make sure you are ready for this switch, we remind you to create this login by [following the instructions found here](#).

Important!

When creating a new EU Login account, it is very important to use **the same email address** as used in eTwinning to enable the migration of recent data. This will enable the account synchronisation. If you already have an EU login we recommend that you edit the email address to match either from your eTwinning account or from your EU account.

- In eTwinning this can be done from *Edit my account* in eTwinning Live.
- In the EU platform visit the *Configure your account* page

For this reason, the deadline to apply for the National Quality Label will be: **Friday 10th June 2022**

You will be notified through an email generated by the system during the summer holidays if your project has been awarded the national quality label.

eTwinning National Awards

Outstanding projects can be eligible for the eTwinning National Awards 2021-22
