

## LETTER CIRCULAR

**Date:** 6<sup>th</sup> February 2023

**Ref:** DDLTS 5/2023

**To:** All Heads of College Network & Heads of Primary Schools (State & Non-State)

**From:** Directorate for Digital Literacy and Transversal Skills (DDLTS)

**Subject:** Cloud-based Ecosystem for the Development of 21<sup>st</sup> Century Skills for students in Years 1 – 6 across State and Non-State schools

---

The Directorate for Digital Literacy and Transversal Skills (DDLTS) recently launched Cloud-based Ecosystem for the Development of 21<sup>st</sup> Century Skills for students in Years 1 – 6 across State and Non-State schools, as part of the ESF.03.059 – One Tablet Per Child Project, starting from beginning of Scholastic Year 2022/2023.

This online educational system offers a suite of applications for primary school students to develop 21<sup>st</sup> century skills, whilst interacting and collaborating within a child-friendly learning environment. The system enables students to create digital content across all curricular areas. More details are found [here](#). This activity implements the recommendation of the Digital Education Action Plan (2021- 2027) to invest in basic digital skills and competences from an early age, particularly digital literacy.

Online training sessions are being provided for educators to make the best use of this learning experience.

Educators are kindly encouraged to apply for this training [here](#). Dates are included in the same application form.

For any queries, please contact [digital-literacy@ilearn.edu.mt](mailto:digital-literacy@ilearn.edu.mt)
